PROFESSIONAL EXPERIENCE

Sales Strategy & Operations Lead | Regional Channel Marketing Manager | Bajaj Electricals *Jun 2017 – May 2023*

$85M Business | 95 Territories | 40,000+ Accounts | 200+ Distributors | Team: 97 | VP-Level Strategic Partner

Owned end-to-end strategy and operations for an $85M commercial business across a multi-region footprint; served as strategic partner to VP leadership across Sales, Finance, Supply Chain, and Marketing.

- **Multi-Year Business Planning & Org Design**

  Developed and executed multi-year operating plans including revenue targets, territory design, quota allocation, and headcount strategy across 95 territories; translated enterprise strategy into execution frameworks deployed nationally.

- **Executive Business Reviews & Performance Governance**

  Owned QBR cadence with senior leadership; drove performance deep dives, influenced incentive redesign and territory restructuring; frameworks adopted as national standards across 15 regions.

- **Revenue Growth & Productivity Transformation**

  Designed KPI frameworks and performance mechanisms improving retailer activation from 15% to 55% in 6 months while delivering 20% YoY revenue growth across 200,000+ distributed accounts.

- **Forecasting & Revenue Accuracy at Scale**

  Built demand forecasting models across 800+ SKUs using cohort and demand analysis, reducing forecast error from 28% to 11% over 4 quarters; model institutionalized as standard planning system across 15 regions.

- **0→1 Digital Infrastructure — Channel Visibility & Loyalty**

  Built and scaled real-time sell-through visibility platform across 4,000+ outlets and QR-based loyalty system (50+ field interviews to 84 users, 49K+ points in 6 months); enabled daily decision-making and nationwide channel intelligence.

- **Data-Driven Market Expansion**

  Identified high-growth micro-markets through transaction analysis; activated targeted digital outreach across 4,000+ accounts generating $2M incremental revenue with zero incremental spend and mechanism scaled nationally.

- **Sales Productivity Systems at Scale**

  Standardized territory coverage models, incentive qualification, and sell-through tracking across a 97-person field organization using Theory of Constraints — drove consistent execution across 15 regions simultaneously.

Sales Leadership & Commercial Roles | Asian Paints | Philips India | Godrej | Bajaj Electricals *2004 – 2017*

Territory Strategy, GTM Execution, Performance Analytics | Progressed from Territory Sales In charge to Area Manager

Progressively scaled from territory to regional leadership roles, owning P&L, GTM execution, and sales performance across multiple markets.

Territory P&L Management & Team Leadership

Managed territory P&Ls from $1M to $6M across Tier 2/3 markets; built and coached teams of 4–8; ranked top 10% of regional performance cohorts; earned 3 regional performance awards.

Territory Coverage Model Redesign — Bajaj Electricals (Area Manager)

Redesigned territory coverage model using data-driven account segmentation — redirected sales capacity to highest-value outlets, improving revenue per account by 40% within 2 quarters.

GTM Framework Design — Philips India

Built sub-partner GTM framework for new product category launch — grew distribution from 0 to 30 active points in 6 months; model adopted across 3 additional regions

Data Analyst II | Strategy & Operations Lead | Allegheny County Dept. of Human Services *Jul 2023 – Present*

$1B+ Combined Budget | 8 Departments | 12 Divisions | 4 Vendor Contracts

Drive strategy, analytics, and decision-support systems across a $1B+ multi-agency operating environment, enabling leadership to optimize resource allocation and operational performance.

- **Enterprise KPI Governance (0→1)**

  Designed and deployed county-wide KPI governance system standardizing performance metrics in 4 vendor contracts; reduced ad-hoc data requests by 55% and improved decision consistency across 8 departments.

- **$1B+ Budget Forecasting & Allocation**

  Built standardized forecasting and variance tracking models guiding capital allocation decisions across $1B+ in annual spend; reduced fund reallocations by 80% and improved planning efficiency by 70%.

- **Executive Reporting Transformation**

  Re-architected QBR reporting workflows, compressing 5-day cycles into 2 days; enabled leadership to redirect review time from data assembly to strategic decision-making.

- **Cross-Functional Program Leadership**

  Executed rollout across 8 stakeholders (Finance, IT, Legal, Program) for a 1200-staff system and resolved dependencies, defined decision rights, delivered 3 weeks ahead of schedule.

CORE CAPABILITIES

Business Strategy & Operations

- Multi-year operating plans
- Revenue growth strategy & GTM
- Territory design & quota setting
- Executive QBR leadership
- KPI frameworks & governance
- Org design & headcount planning

Analytics & Data Systems

- SQL
- Power BI, Tableau
- Advanced Excel
- Oracle & SAP
- Forecasting & variance analysis
- AI-assisted analytics & automation
- Data pipeline design

Leadership & Builder Mindset

- 0→1 system design & scaling
- Cross-functional influence
- Large-scale program execution
- Theory of Constraints
- Invent & Simplify mindset
- Work backwards from strategy

EDUCATION

PG Diploma — Data Science & Analytics *Dec 2022*

McCombs School of Business, The University of Texas at Austin

B.Sc. Mathematics *May 2004*

St. Joseph's College, Bharathidasan University
